

An aerial photograph of a residential area. In the foreground, there are several rows of small, rectangular, light-colored buildings, likely temporary housing or shacks, arranged in a grid-like pattern. A dark road or path runs horizontally through the middle of the image. Above this road, a specific plot of land is outlined with a blue line. This plot is rectangular and appears to be a cleared area or a plot for construction. Further up, there are more buildings, some with orange roofs, and a small structure with a red roof. The background is a hilly, arid landscape with sparse vegetation and a winding road. The Google Earth logo is visible in the top left corner, and the text "© 2007 Google" is in the bottom right corner.
