

An aerial photograph of a residential area in the Netherlands. The image shows a grid of houses, mostly white with dark roofs. A large, irregularly shaped, brownish-yellow area, likely a flood or a large construction site, dominates the center of the image. A small blue rectangular area is highlighted within this brownish-yellow area. The image is oriented horizontally, but the text 'LIVERING MAP' and '© 2013' are visible in the top right corner, suggesting it might be a vertical image rotated 90 degrees clockwise.

A hand is holding a yellow and black surveying level. The level is positioned horizontally, and a black line is drawn across its center. The background shows a building with a dark facade and a light-colored sky. The image is watermarked with '20211993' and 'العقار' (Al-Aqar) in Arabic.
